

**BOTTOM LINE:** If you don't understand something about God, ask. Read Matthew 7:8

DAY 1

## Questions, Questions

Do you have any questions that you don't know the answers to? Take a few minutes to jot down some of these questions on a piece of paper. Maybe you have some questions like, where does God live? What does He look like? Why did God create mosquitos? All kinds of questions roll around in our mind. So, what do we do with these questions? God gave us parents and our small group leaders to help guide with all of these questions.

Ask your parents questions you may have about God.

DAY 2

## Sing it Loud, Sing it Proud!

Ask an adult to help you look up the verse of the week in **Matthew 7:8**. This verse tells us that we can ask God anything. So, when we don't understand something about God or have questions, we can ask Him! Amazing!

See if you can sing Matthew 7:8 to the tune of "The Wheels on the Bus."

Look to God to help you with your questions.

DAY 3

## Who Can You Ask?

Talk to God and thank Him for putting people in your life that you can ask tough questions. And remember there are no bad questions. God cares about everything that you care about. Take a minute and pray something like this,

"Dear God, thank You for caring enough about me to give me wisdom. Thank You for giving me Your Word, the Bible, as a guide. Thank You also for giving me people in my life like my family, teachers, and small group leaders that I can always ask tough question and learn more about You, amen."
