Has God called me to vocation whether full-time or part-time ministry?

Is it ok to change careers in my life?

Our Response:

1. Why is important to know how God has designed you to work? Has God really designed a sweet spot for you? How do you know?
2. Does the work you are doing fit you or does it give you fits? Why or why not?
3. Does the Lord want you to love your work and find joy in it? Does this always mean that you will be happy in your work? Explain...
4. Take time today or this week to figure out, or start to figure out what your unique S.H.A.P.E is. If you know what it is or some parts of it, write that down and share them with someone this week.
5. How will knowing your S.H.A.P.E. change the way you see your calling/work?
6. Who are some people in your life that you can seek godly wisdom from as you seek out this calling/work in your life? Write them down and seek their wisdom this week.
7. Most importantly, spend some time this week in Scripture and prayer as you seek the Lord's face as to what He is calling you to do and become. Write down what He shows you and tells you.
