### Daniel Interpreted the King's Dreams

#### DANIEL 2

Daniel worked hard and was very smart. God helped Daniel to do something special. He was able to understand visions and dreams. This was a special gift from God.

King Nebuchadnezzar was having dreams that worried him. These dreams were keeping him awake at night. There were wise men in the land who would say they knew what the dreams meant, but they did not have the special gift from God like Daniel. The wise men explained that no one on earth could tell the king what the dreams meant without hearing about them first. The king became very angry, he commanded all the wise men of Babylon be killed.

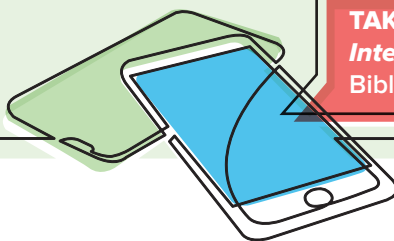

When Daniel heard about the command, he asked if he could see the king and interpret the dreams for him. Daniel and his friends prayed God would tell him what the dreams meant.

When Daniel went to see the king, he explained, that no man could give him the answers he was looking for, only the one true God. Daniel told the king his dreams were from God. God wanted to tell him what would happen soon and how to live. King Nebuchadnezzar was so happy that Daniel was able to interpret the dreams. He wanted to reward Daniel. The king made Daniel and his friends managers over all of Babylon.
