Our Response:

1. What does it mean to work out your salvation? How do you need to work out your salvation on a daily basis in your life?
2. What needs to change in your walk with the Lord to walk in a worthy manner of your calling?
3. How do you view your work or going to school in the sense of who are you doing for really? What needs to change in order for you to do that work for the Lord?
4. How do you need to work on loving your family? What do you need to different or adjust in your life to make more time to do that?
5. What is your commitment level to being an active vital part of Petal FBC and “working” in the church? Name specifically how you are connected; growing; committed, and going? How does that need to change going forward?
